EDUCATION

Bachelor of Software Engineering (2024)

Comsats University Islamabad Lahore

Inter (2019)

Punjab group of colleges lahore

Matric (2017)

Cathedral high school church road lahore

CAREER OBJECTIVE

As a recent graduate in Software Engineering from COMSATS Lahore, I am eager to embark on a dynamic career as a Full Stack Web Developer. I am passionate about leveraging my skills in both front-end and back-end technologies to create innovative and efficient web solutions.

WORK EXPERIENCE

Final year project (Skill Stream)

Comsats | Feb 2023-January 2024

Developed using the MERN stack (MongoDB, Express.js, React, Node.js), Skill Stream offers seamlessly facilitates class creation and joining, offering a user-friendly interface for assignment creation and submission. Teachers benefit from an intuitive student mark sheet system, The platform also have a attendance management feature and at th end advanced features such as video calls and algorithm visualizers for enhanced learning experiences.

Frontend Developer

Educationist | July 2022-December 2022

With hands-on experience in frontend development, I proficiently utilize HTML, CSS, Bootstrap, and JavaScript to create visually appealing and responsive user interfaces.

SKILLS

- Full stack MERN developer
- Front end developer
- Problem solving
- Knowledge of algorithms and data structures and OOP
- Strong analytical and reasoning skills
- Proficiency in troubleshooting software issues and debugging a large codebase
- Communication skills
- Able to work collaboratively
- Software programming languages (HTML/CSS Bootstarp, java script, C, C++, Java)
